VOTE MERCAZ

Champions of Progress & Pluralism

ELECTIONS HAVE CONSEQUENCES!

We've made great strides toward pluralism in Israel over the last 20 years. But there are disturbing trends that threaten our values and are pulling us backward.

We have very few opportunities, sitting here in America, to influence and make change in Israel.

This is one of those times.

Every 5 years, Jews around the world are asked to step-up and be counted in the World Zionist Congress election. The next election begins this coming January.

145 delegates will be elected to represent the US and asked to make critical decisions about the future of the Jewish people in Israel – religious freedom, democratic principles, and the celebration of diversity.

PLEDGE TO VOTE THE 'MERCAZ' SLATE

- **Text 'VOTE' to 917.336.1162 ***
- **Take the pledge at Mercaz2020.org**

We'll remind you when it's time to vote in January!

If you care about the growth of Conservative/Masorti Judaism in Israel and worldwide – from the growth of our kehillot around the country to our influence inside important decision-making bodies. If you want to fight for an Israel that feels like a homeland for ALL Jews…

It's time to take a stand.

Opponents of pluralism and diversity are on the rise – and Israel is no exception. This election is our opportunity to put a check on those trends and take a stand. There is too much at stake:

- The future strength of the Conservative/Masorti Movement
- Our voice and influence on critical policy issues
- Millions of dollars for our programs and institutions

Your vote for 'MERCAZ' can make real change.

Stand up and be counted. Casting your vote for the MERCAZ Slate will ensure that the Conservative Movement has the strongest possible delegation at the Congress. Act now!
